

RDM

AUTOMOTIVE

COMPONENTS AND SERVICES

Welcome to the first RDM Automotive newsletter. The newsletter will be sent out monthly and we look forward to bringing you all the latest company and product information as well as profiles of some of our past and present projects and the people involved.

We hope you find the contents interesting and informative and we would welcome any feedback that you might have.

A MAJOR 'STEP' FORWARD

RDM Group Ltd and B. Dixon Bate Ltd agree joint working venture for the development, manufacture and combined sales of a range of commercial vehicle and road vehicle towbars, towsteps and plug in electrical wiring kits.

In joining forces in this exciting collaboration both companies are now able to provide their existing and new customers with a wider and more complete range of products. Both companies will co-operate on the design of new products to meet specific customer requirements and will jointly market each other's existing ranges.

Several new innovative developments are already in the pipeline and will be released in the coming months.

Dixon Bate are pictured at the recent Commercial Vehicle show at the NEC Birmingham where RDM's new Sprinter/Crafter side step was launched.

15 YEARS THIS YEAR

This year marks our 15th anniversary. RDM has supplied products and services to the Automotive Industry since 1993.

During that time we have developed an excellent reputation for high quality, innovative products and strong customer service. Our experience, expertise and flexible approach to satisfying customer needs are the keys to our success. We are a tier 1 supplier to major automotive vehicle manufacturers and operate to the very highest standards. We would like to thank all of our customers for their continued support and business.

WHAT ELSE HAPPENED IN 1993?

UK house of commons agrees the Maastricht treaty and the European Union is created

First bomb attack on the world trade centre

Deaths: Frank Zapper, Arthur Ash, Audrey Hepburn and River Phoenix dies of drug overdose

Next Issue:
